

So, you want to get access to the incredible catalogue of online content to help supplement your funky monkey membership? Well here's how!

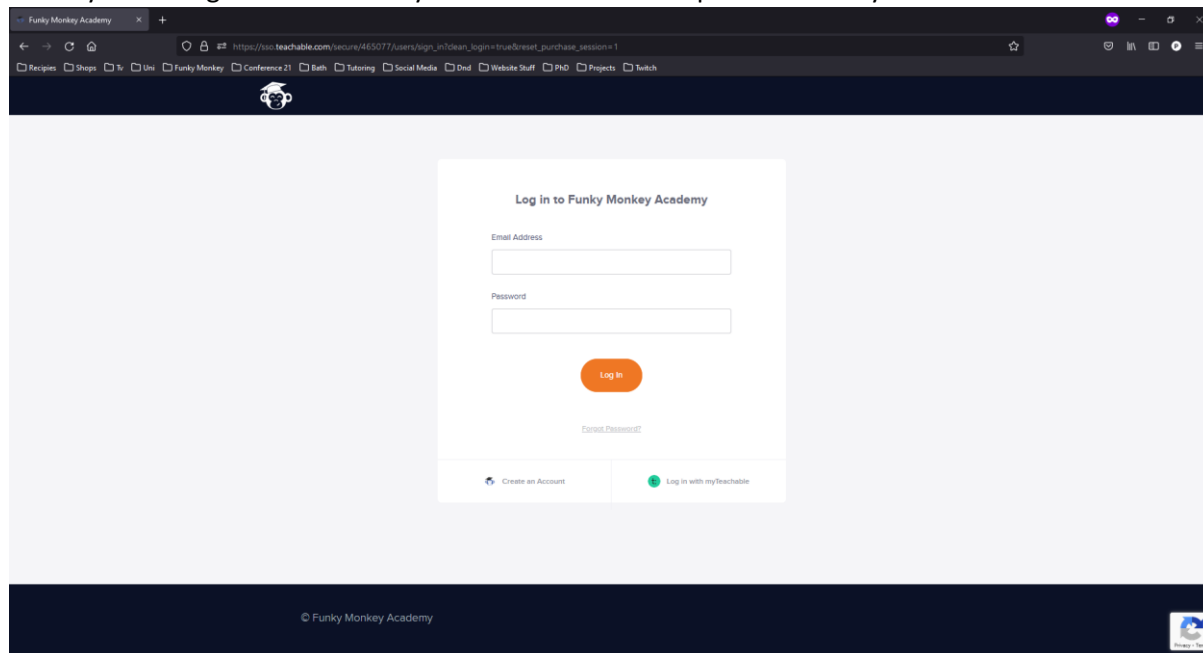

FIRST: You need to go to <https://funky-monkey-academy.teachable.com>, here you will see our landing page and promo video. If you've never accessed our online content on teachable before you're going to want to go to the top right button and hit "Sign Up". If you've already got an account, you can just hit "Login".

TO SIGN UP: The signup page looks like this, you'll need to enter your full name, email address and choose a password. Finally you'll have to read and agree to the teachable AND funky monkey terms of use & privacy policies. From there you're ready to go and logged in! You should receive a confirmation email asking you to confirm your account by pressing the button in the email. Once you've done that you'll be able to login time and time again!

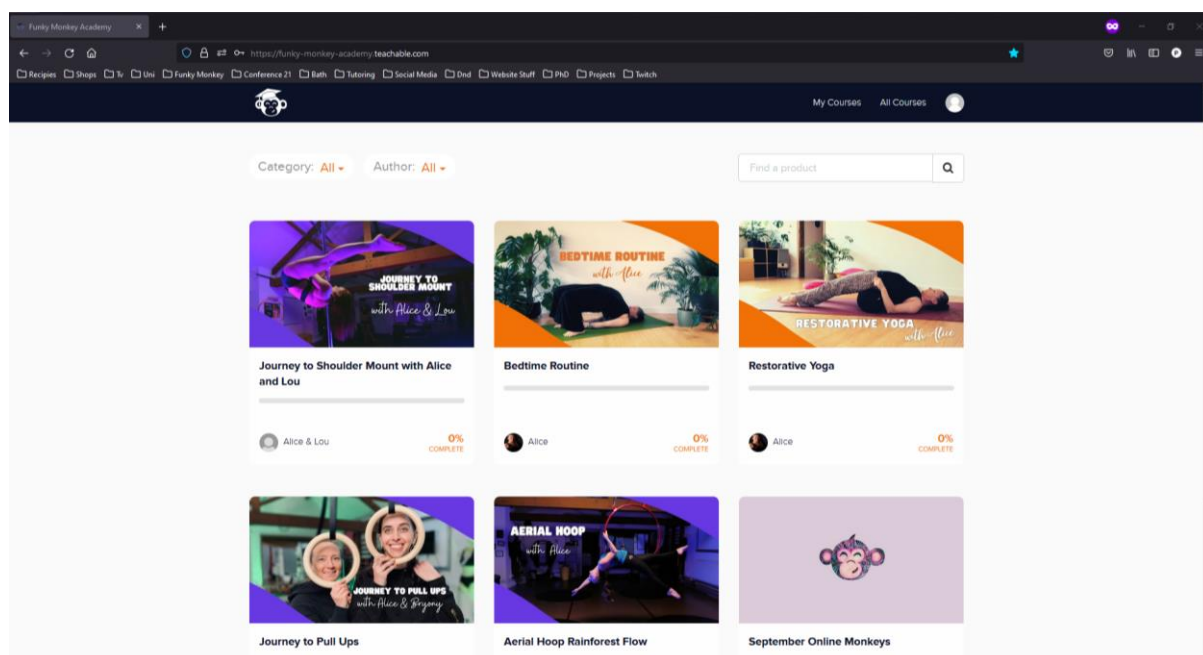

To Log in: If you've already signed up for teachable, or you've accessed our academy before, you can go directly to the login screen. Enter your email address and password and you're in!

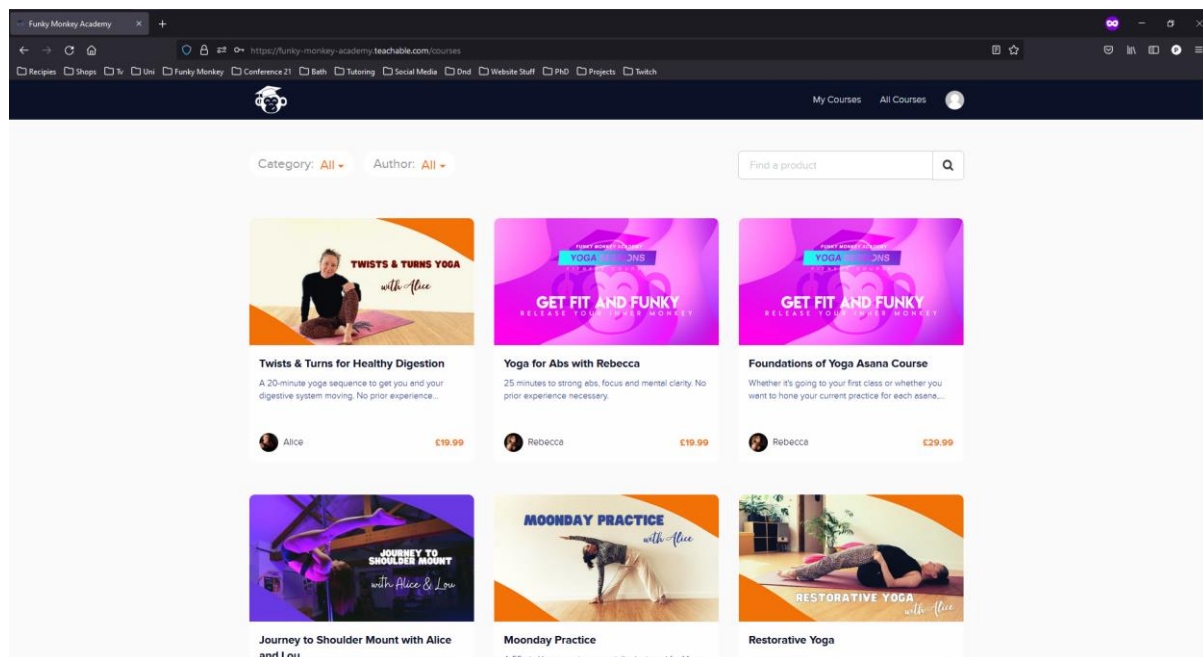

WHAT NEXT?: When you enter the academy, the landing page will always be “My Courses”. This is all of the courses that you are enrolled in. Below you can see an example of what this might look like. The difference between this and the “All courses” purchase page is the % completion at the bottom of each ticket, where you can see how far through the content in each course you are.

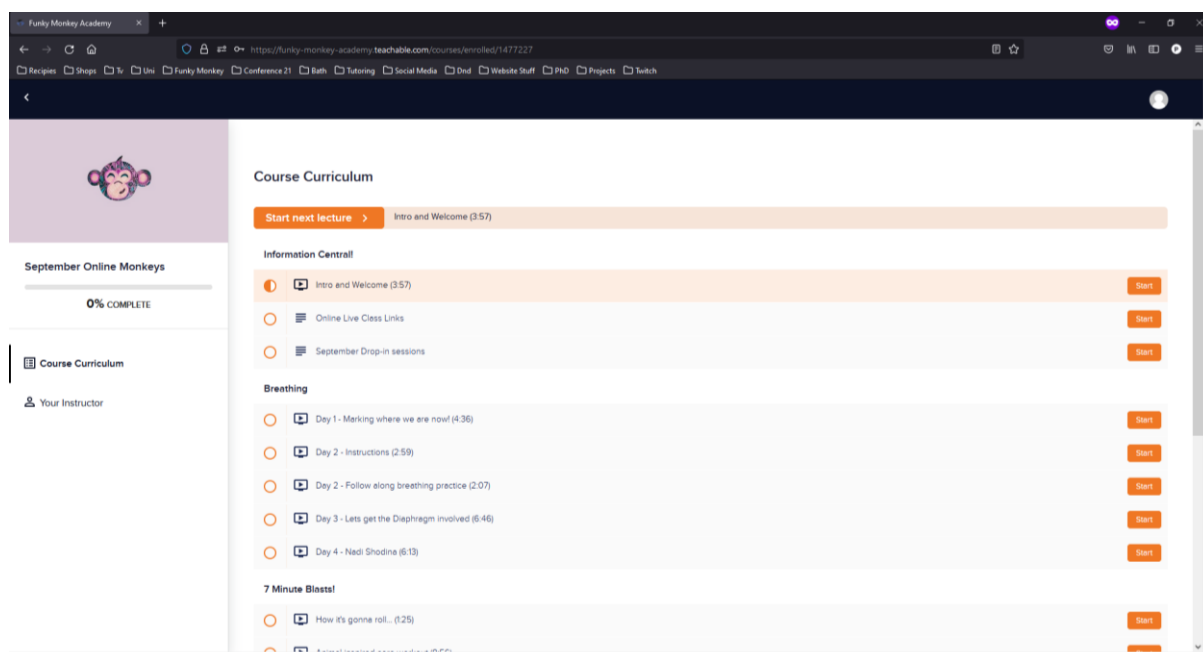

If you are signing up to teachable as part of the Studio Membership, at this point let us know that you've registered and we will manually add you to September Online Monkeys, at which point it will appear here in your “My Courses” page.

If you want to see what else we have on offer in our online academy, head to “All Courses” using the top right button. Here you can see a list of all of the online courses and programs we have, and their prices. I highly recommend enrolling in Restorative Yoga, it’s our little freebie as a thank you to all you wonderful monkeys! But have a look through, we have loads of different content from yoga, to pole prep, floorwork, aerial hoop and even hula hooping!

**MEMBERSHIP MONKEYS:** Once we’ve added you to the September Online Monkeys course, you can access it from “My Courses” by clicking on the course. From here you will see a page like below, which is the online curriculum. This is your main page to see what we have on offer as part of this course, and you should check it regularly as it will be constantly being updated! To work through everything in order select “Start next lecture” at the top and it will go through each lesson one by one, but you can visit any lesson in any order by hitting the “Start” button on the right next to the corresponding lesson.

Finally, if you have any questions or have ideas of what you would like to see on offer from this resource, you can always ask any of us here at Funky Monkey and we’ll do our best to help!
